

## **DRAFT ORDINANCE ON ACQUISITION AND USE OF MILITARY POLICE EQUIPMENT**

WHEREAS, the City Council finds that the acquisition of military equipment and its deployment in Oakland can adversely impact the public's safety and welfare, including significant risks to civil rights, civil liberties, and physical and psychological well-being, and incur significant financial costs; and

WHEREAS, the Law Enforcement Equipment Acquisition Working Group created by President Barack Obama in Executive Order 13688 (later rescinded by President Donald Trump) recommended requiring "local civilian government (non-police) review of and authorization for law enforcement agencies' request for or acquisition of controlled equipment," and that such review included detailed justification for the acquisition and collecting information on and reporting on its use; and

WHEREAS, the City Council finds that the public has a right to know about any funding, acquisition, or use of military equipment by Oakland public officials, as well as a right to participate in any Oakland agency's decision to fund, acquire, or use such equipment; and

WHEREAS, the City Council finds that decisions regarding whether and how military equipment is funded, acquired, or used should give strong consideration to the public's welfare, safety, civil rights, and civil liberties, and should be based on meaningful public input; and

WHEREAS, several studies indicate that police departments in the United States that acquire military-grade equipment are more likely to use violence and are no more successful in reducing crime than those that acquire less such equipment;<sup>1</sup> and

WHEREAS, the City Council finds that legally enforceable safeguards, including transparency, oversight, and accountability measures, must be in place to protect the public's welfare, safety, civil rights, and civil liberties before military equipment is funded, acquired, or used; and

WHEREAS, the City Council finds that the lack of a public forum to discuss the acquisition of military equipment jeopardizes the relationship police have with the community, which can be undermined when law enforcement is seen as an occupying force rather than a public safety service; and

WHEREAS, the City Council finds that if military equipment is acquired, reporting measures must be adopted that empower the City Council and public to verify that mandated civil rights safeguards have been strictly adhere to.

(b) Requesting military equipment made available pursuant to Section 2576a of Title 10 of the United States Code.

(3) If the military equipment impact statement identifies a risk of potential adverse impacts on the public's welfare, safety, civil rights, or civil liberties, the approval for the funding, acquisition, or use of military equipment by the Police Commission pursuant to this section shall not be deemed an acquiescence to those impacts, but instead an acknowledgment of the risk of those impacts and the need to avoid them proactively.

#### (E) Police Commission Review Required for New Military Equipment Before City Council Approval.

1. The funding, acquisition, or use of military equipment by the Police Department shall not be permitted without the review by the Police Commission of a military equipment impact statement and the approval of a military equipment use policy submitted pursuant to Section 3, subdivision (b).

2. The Police Commission may make a recommendation to the City Council by voting its approval to proceed, object to the proposal, modify the proposed military equipment use policy, or take no action. If the Police Commission proposes that the Military Equipment Policy be modified, the Police Commission shall propose such modifications to city staff. City staff shall present such modifications to City Council when seeking City Council approval under Section 3 (A).

3. Failure by the Police Commission to make its recommendation on the proposal within ninety (90) days of submission shall enable the Police Department to proceed to the City Council for approval of the proposal.

(F) (1) The Police Commission shall review any recommendation that it has adopted pursuant to this section approving the funding, acquisition, or use of military equipment at least annually and, subject to paragraph (2), vote on whether to recommend renewal of the approval at a regular meeting held pursuant to the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5).

(2) The Police Commission shall determine, based on the annual military equipment report submitted pursuant to Section 4, whether each type of military equipment identified in that report has complied with the standards for approval set forth in Section 3, subdivision (d)(1). If the Police Commission determines that a piece of military equipment identified in that annual military equipment report has not complied with the standards for approval set forth in Section 3, subdivision (d)(1), the Police Commission shall either revoke a renewal of the authorization for that piece of military equipment or modify the military equipment use policy in a manner that

will resolve the lack of compliance. Revocations pursuant to this section shall be forwarded to City Council in accordance with the City Council approval process in Section 3(g).

(G) (1) No later than March 1, 2020, if the Police Department seeks to continue the use of any military equipment that was acquired prior to that date, it shall commence the approval process in accordance with this section and present to the Police Commission a list of military equipment possessed and/or used by the city. The Police Commission shall rank the items in order of potential impact to civil rights, civil liberties, and police-community relations. Within sixty (60) days of the Police Commission's communication of the ranking of military equipment items, city staff shall submit at least one (1) military equipment report and proposed military equipment use policy per month to the Police Commission for review, beginning with the highest-ranking items as determined by the Police Commission, and continuing thereafter each month until a policy has been submitted for each item on the list.

(2) If the Police Commission does not approve the continuing use of military equipment, including by review pursuant to this subdivision of a military equipment impact statement and military equipment use policy submitted pursuant to Section 3, subdivision (g), within 180 days of submission of the proposed military equipment impact statement and military equipment use policy to the governing body, the Police Department shall cease its use of the military equipment until the Police Commission reviews the continued use of the military equipment in accordance with this section.

(H) City Council Approval Process

1. After the Police Commission Notification and Review requirements of this Section have been met, City Staff seeking City Council approval shall schedule for City Council consideration and approval of the proposed military equipment impact report and proposed military equipment use policy, and include Police Commission recommendations and/or decisions, at least fifteen (15) days prior to a mandatory, properly-noticed, germane public hearing. Approval may only occur at a public hearing.

2. The City Council shall only approve any action as provided in this Section after first considering the recommendation and/or decision of the Police Commission, and subsequently making a determination that the benefits to the community of the military equipment outweigh the costs; that the proposal will safeguard civil liberties and civil rights; and that, in the City Council's judgment, no alternative with a lesser economic cost or effect on civil rights or civil liberties would be as effective.

3. For approval of existing military equipment for which the Police Commission has failed to make its recommendation within ninety (90) days as provided by this Section, if the City Council has not reviewed and approved such item within four (4) City Council meetings from when the item was initially scheduled for City Council consideration, the City shall cease its use of the military equipment until such review and approval occurs.

(I) Use of Unapproved Military Equipment during Exigent Circumstances

(1). City staff may temporarily acquire, use, or allow the use by mutual aid agencies of military equipment in a matter not expressly allowed by this Section in one circumstance without following the notification and review requirements of Section 3: Exigent Circumstances.

(2). If City staff acquires or uses military equipment pursuant to the above-mentioned circumstances, City staff shall:

- (a). Use the military equipment solely to respond to the exigent circumstances.
- (b). Cease using the military equipment when the exigent circumstances ends.
- (c). Only keep and maintain equipment that is directly relevant to an ongoing investigation, and discharge such equipment once an investigation has concluded, absent an intervening approval for retention pursuant to this section.
- (d). Following the end of the exigent circumstances, report that acquisition or use to the Police Commission at their next meeting for discussion and possible action.

#### **SECTION 4. Reports on the Use of Military Equipment.**

(A) The Oakland Police Department shall submit to the City Council and Police Commission an annual military equipment report for each type of military equipment approved by the Police Commission within one year of approval, and annually thereafter for as long as the military equipment is available for use. The annual report shall be provided no later than March 15th of each year, unless the Police Commission or City Council advises the Police Department that an alternate date is preferred. The Police Department shall also make each annual military equipment report required by this section publicly available on its web site for as long as the military equipment is available for use. The annual military equipment report shall, at a minimum, include the following information for the immediately preceding calendar year for each type of military equipment:

- (1) Production descriptions for each type of military equipment and numbers of each product in the Police Department's possession.
- (2) A summary of how the military equipment was used.
- (3) If applicable, a breakdown of where the military equipment was used geographically by individual police area. For each police area, the Police Department shall report the number of days the military equipment was used and what percentage of those daily reported uses were authorized by warrant and by non-warrant forms of court authorization.
- (4) A summary of any complaints or concerns received concerning the military equipment.
- (5) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.
- (6) An analysis of any discriminatory, disparate, any other adverse impacts that the use of military equipment may have had on the public's safety, welfare, civil rights, and civil liberties and on any community or group, including, but not limited to, those protected by the First, Fourth, and Fourteenth Amendments to the United States Constitution.
- (7) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing

costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.

(B) Within 60 days of the Police Department submitting and publicly releasing an annual military equipment report pursuant to this section, the Police Commission shall place the report as an agenda item for an open session of a regular meeting and provide for public comment in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5).

(A) Violations of this Ordinance are subject to the following remedies:

(1). Any violation of this Ordinance, or of a military equipment acquisition or use policy promulgated under this Ordinance, constitutes an injury and any person may institute proceedings for injunctive relief, declaratory relief, or writ of mandate in the Superior Court of the State of California to enforce this Ordinance. An action instituted under this paragraph shall be brought against the respective city department, and the City of Oakland, and, if necessary to effectuate compliance with this Ordinance or a military equipment acquisition or use policy, any other governmental agency with possession, custody, or control of data subject to this Ordinance, to the extent permitted by law.
