Got Military at Your School?

Dear Student,

We would like to help students get an honest and clear picture of what they can do after graduation. Some of you will get a job, some will go to college, and some may consider joining the military. The military is not just like any other career. It changes your personality, it limits or takes away many of your personal rights and freedoms, and the use of military force changes the way we bring peace to the world. We seek to help assure that the military career option is offered to students in an appropriate and balanced way.

You can help us by answering the following questions. Of course, all information is confidential and you are not even asked for your name.

Thank you very much!
