

October 18, 2021

Vice President Kamala Harris
The White House
Office of the Vice President
1600 Pennsylvania Avenue NW
Washington, DC 20050

Dear Vice President Harris -

At this critical juncture, you have the power to “make a way out of no way” for up to 8 million undocumented members of our congregations and communities. We urge you to bypass the recommendation of the Parliamentarian and make an independent decision as Presiding Officer of the Senate to keep a broad pathway to citizenship within the budget reconciliation package now being negotiated within Congress.

We write as faith leaders and people of faith of many traditions, united in the belief that all are created in our Creator's image and have an inherent claim to dignity and justice. Our faith communities have stood in solidarity with all people who are undocumented including essential workers, DACA recipients or Dreamers, TPS-holders and agricultural workers since the start of your administration, working together to realize the promise of citizenship for as many of our undocumented kindred as possible this year. Bypassing the parliamentarian and securing permanent protections is the moral thing to do.

We are now closer than we have been in a generation to achieving a transformative change to our immigration system, and we must not settle for anything less. It is time that we hear and respond to the cries for justice of our immigrant siblings.

In the face of any political challenges you face, we ask that you “make a way”. In the face of procedural challenges that may arise, we exhort you to “make a way”. Our communities need permanent protections, not temporary or conditional statuses that will condemn them to second-class social and political status which will prolong their vulnerability to immigration enforcement systems and other violations of their human rights. There is simply too much at stake for our immigrant families and communities to permit any further delay in delivering on the promise of citizenship.

For our part, we will be praying for you and for your leadership, while continuing to organize and advocate so that one day the human rights and dignity of all immigrants are fully protected and promoted within our nation.

Respectfully,
